What is it?

- The Jack Petchey Achievement Award is an extremely popular award, where a nominated student, each month (except December, July and August), will receive £250 to spend on a school project of his / her choice

You can nominate students who...

- Do their best regardless of their ability
- Have great pride in the school and their work
- Always respect and help others
- Are sensitive to others' needs
- Take an active part in school life

The Student Selection Process

- Students are nominated by other students, staff, governors and parents, who can all complete a nomination form
- Once the list of initial nominees has been drawn, it will be passed on to the Jack Petchey panel, which is made up of past winners from the school and they will choose the winner for that month

The JP Nomination Form

- Can be completed on paper or on the Plume Academy website or from the email sent each month
- Forms are available from the Community Team, SSC, or Main Office
