Parent feedback 2019

Was exceptionally proud of my son who lacks in confidence and really excelled in himself conversing with adults, and now works for his placement on a regular basis. Can't recommend work experience enough.

AXXXX Was able to talk to the staff about the different steps to take and different by of employment xx wants to go into. The xxx would actually like to go down.

They treated my daughter as a mature member of their team. They allowed her to show initiative, to take responsibility for tasks and taught her new skills. They gave her and taught her new skills and helped credit when she performed well and helped

her confidence to grow.
